SUPI Saunapesu Sauna Cleaner

DESCRIPTION

SUPI Saunapesu is an acidic cleaning agent which disinfects, bleaches, and dissolves lime scale deposits in saunas and other humid rooms

EXAMPLES OF USE

For sauna and other humid rooms. Gentle and thus non-corrosive. However, care should be taken when cleaning tile joints with concentrated or strong solutions. Do not use together with products containing chlorine.

TECHNICAL DATA

Density: 1.03 kg/l, ISO 2811 Thinner: Water

APPLICATION

Methods: Brush or sponge.

Application conditions

The surface to be painted must be dry, the temperature of the air and the surface at least +5 °C, and the relative humidity of the air below 80 %.

Dosage

Depending on the degree of contamination, add 1 to 2 dl of Supi saunapesu to 5 litres of water.

Dissolving of lime

Use a 10-15% solution. Supi Saunapesu can be used un-thinned on persistent lime scale deposits and rust.

Bleaching of sauna benches

Mix equal amounts of SUPI Saunapesu and water, and allow to act for approx. 15 minutes. **Note!** Always rinse the surface with fresh water after treatment.

Cleaning of Tools

Clean with water.

STORAGE

Protect from frost.

ENVIRONMENTAL

Empty cans should be recycled or disposed of in accordance with local regulations. Liquid waste should be destroyed according to the local regulations.

HEALTH AND SAFETY CLASSIFICATION according to EC Directive 99/45/EC

Corrosive, C Contains: Phosphoric acid < 5 % CAUSES SEVERE BURNS. Wear suitable protective clothing, gloves and eye/face protection. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Take off immediately all contaminated clothing. Do not breathe vapour. Use only in well-ventilated areas. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). Keep locked up and out of the reach of children. Contains < 5 % non-ionic surfactants, < 5 % cationic surfactants and < 5 % perfumes. A Material Safety Data Sheet is available on request.
